

MANIFESTO

RE—ACT—ART—ACTIVISM

Art as tool, tales person and weapon

Reflect (upon circumstances)

Expect reactions and use them to get new knowledge and go further

React (upon structures)

Expect reactions and use them to get new knowledge and go further

Act (if you want a change)

Expect reactions and use them to get new knowledge and go further

Act (and there will be action)

Expect reactions and use them to get new knowledge and go further

Art reveals (what has to be revealed)

Expect reactions and use them to get new knowledge and go further

Artistic choices (are always made)

Expect reactions and use them to get new knowledge and go further

Activism is to reclaim - reclaim!

Expect reactions and use them to get new knowledge and go further

Activism is to make a statement - make a statement!

Expect reactions and use them to get new knowledge and go further

There is no excuse

Use art as your tool, tales person and weapon
